

**700lm Inspection Hand Lamp Stepless Dimming Switch**

Carelite is motivated by user's experience. Base on that, we are exploring the innovation of lighting technology and develop the professional, high-performance, high reliability robust work lights continuously. The quality and multinomial technical indexes of our productions have reached or exceeded the level of DIN (Germany standard), ANSI (US standard), GB (China standard) or other

leading standards.

**Product Description**

This 700lm Inspection Hand Lamp with Stepless Dimming Switch consists of 700lm main floodlight, 120lm top beam focused flashlight and a 360°Adjustable Base with Hook on Bottom, making it very versatile and handy. With the ultra thin lamp blade, it can get any hard-to-reach place such as the engine compartment.
