#### Product Description

This Carelite **Cordless CRI 95+ LED Work Light 500lm 3000K and 6500K** has alternative color temperatures of adjustable 2800-3200K and 6000-6500K featuring high CRI value. The high 95+ CRI reveals the true color of objects, making it perfect for daily maintenance lighting, identifying the color plate or paint color, and you can also use it as a portable fill-in photography light.

With a hollow viewing window between 2 rows of lighting sources, this work light won't block your sight while the rubber-coated handle keeps it from sliding out of your hand. There is a USB charging port at the bottom, and a 3.28ft power cable is also included.

Designed with two convenient use ways, the work light can be hung with a stretched aluminum hook or fixed in place with the powerful magnet on the bottom of the light.
