Officially registered in China, Carelite has been dedicated in producing

Rechargeable LED Work Light, Rechargeable LED Mechanic Light, LED Inspection Light, LED Rechargeable Camping Lantern with excellent performance and reliable quality, all their products are reliable and versatile in workshop, garage, construction site, indoor and outdoor at competitive prices.

Product Description

This **Portable Magnetic COB LED Flood Work Light** is a rechargeable 700 lumens Inspection Light for car repair, camping, emergency & job site lighting. The 360 degree pivoting magnetic base providing all round illumination, together with its tripod mount port adds more flexibility and hands-free use.

The premium workmanship makes the mechanic's light waterproof, ensuring the steadiness to work properly in rain, snow, and any harsh environment.

The inspection light has 3 Brightness Settings & Smart Circuit Design providing flexibility for maximum light output or extended run-time; A row of green indicator light on the backside shows battery level as a smart timely reminder for battery charging
