

Water Proof Ultra bright 850lm Handheld Spotlight Flashlight

Buy Discount Quality Water Proof Ultra bright 850lm Handheld Spotlight Flashlight with Low Price made in China. Carelite is always striving to make the best and practical spotlights with the fresh and attractive styles, exquisite design, elegant appearance and reasonable price in China. Over the past years, Carelite has earned lots of thumbs-up from both domestic and foreign markets.

Product Description

This Carelite **Water Proof Ultra bright 850lm Handheld Spotlight Flashlight** is a simple and practical big hand-held flashlight which has 3 lighting modes: Strong brightness, Half brightness and SOS strobe. Max brightness reaches up to 850lm and lighting range up to 400m.

Rechargeable spotlight has IP X5 splash resistant. Made from tough, impact resistant ABS and polystyrene to protect the light from drops and bumps while in use. Handheld flashlight has a low voltage reminder, the backside red indicator LED will start to flash minutes before the battery power runs out.

Each searchlight will be always tested 3-5 times before they are shipped to customers. We specifically test brightness, battery condition, and water resistance. Strive to protect the interests of customers and ensure the safety of customers.
